ASA has been dedicated
to serving their
members since 1966, by
providing:

Continual Legal,
Financial, Tax and
Insurance Updates

Thank you Paul and Bill. The Austin Company demonstrated why they are a valued Business Partner. Your company shared the benefits of partnering with The Austin Company & the value of team commitment.

We can also be guaranteed to have humor and laughter when Paul is the presenter! Great job guys...

Paul Dempsey

Bill Lee

Thank you for your ipad raffle donation.

Industry & Partnering
networking events

Legislative outreach
that is beneficial
statewide and
nationwide

Creating an opportunity
for Selected Business
Partners to share future

upcoming speakers

March 6th

Sundt Construction &
MURRCO Construction

April 3rd

KCS-West &
United Paving

February dinner meeting

Crawford & Bangs

Awesome presentation Scott Holbrook, explaining new construction laws for 2018. The handouts, “Highlights of Changes in California” provided a great resource to review later.

W.E. O’Neil Construction

Another awesome presentation from W.E. O’Neil. We are so proud to call them one of our Business Partners. Thank you guys, a job well shared with the group.

Vince DiNunzio

Katie Quinones

Thank you W.E. O’Neil for your ipad raffle donation.

May 3rd

Black Gold Golf Event

June 5th

S.J. Amoroso &
Giroux Glass

ASA MEMBERS: WE WANT TO HEAR FROM YOU!

We are always excited to hear from our ASA members; how our organization has made a difference with their company, regarding sales and/or connections with the general contractors. Companies who couldn't connect with particular generals are now involved with them. Whether it's to increase volume or connect with the general contractors; ASA is the place that offers educational speakers, general contractors and networking **all at one dinner meeting**. ASA is here to help with legislative initiatives, education, and most of all to help attract and obtain more business through strategic networking and meaningful events.

It is not uncommon to hear from first-time attendees, "this is one of the best dinner meetings they have attended." We are also honored that our Business Partners encourage their subcontractors to get involved with ASA. They realize the value & benefits of knowledgeable subcontractors on their team.

*It is our pleasure to "spotlight" one of our
ASA members.*

We welcome Ahern Rentals....

In 1953, John Ahern purchased a Signal Oil & Gas station on the Las Vegas Strip, where the 1,100 foot Stratosphere Tower now stands. Then in 1958, they sold the station and focused all their energy on renting tools and equipment to residents in the Las Vegas area. Don Ahern, in 1978, started the aerial work platform division in Las Vegas and later expanded into California in 1982. They now have 81 locations. Don's son, Evan, has brought an unprecedented amount of new technology to the company. His knowledge has enabled them to offer even better service than before to their customers. The family's commitment, is providing quality customer service and the finest professionally trained staff in the rental industry.

These excerpts were taken from Ahern Rentals Company History.

Every ASA member has an opportunity to share their company's information in the newsletter. It's a great advertisement tool; it lets others know what type of service your company provides. If your company has received awards or other types of recognition, we'll be glad to share it with the readers as well.

DO YOU KNOW A GC
or Subcontractor?

THAT DOES BUSINESS
THE RIGHT WAY AND
VALUES INTEGRITY

PLEASE LET US KNOW
THEY CAN BECOME ONE
OF OUR SELECTED
BUSINESS PARTNERS OR
SUBCONTRACTOR
