Summer Newsletter

We're assuming everyone had an enjoyable summer vacation. And you are ready to meet the balance of the year with new and refreshed ideas. ASA thanks you for making our organization known in the industry. This honor is due to our ASA members and Business Partners, who suggest to others, to seek our well-respected association and get involved.

Over 100 people attend our dinner meetings. The dinner meetings are well-worth your invested time. Another consideration for your company, is to showcase your company. Many companies are not aware of what type of service/product your company offers.

DO YOU KNOW A GC or Subcontractor?

THAT DOES BUSINESS THE RIGHT WAY AND VALUES INTEGRITY?

ASA offers dinner meetings; award banquets; holiday military mixers; and golf events. This newsletter will focus on the awards gala. Every year we have the opportunity to acknowledge people/companies who are making a difference in the construction industry. To honor them, our subcontractors and suppliers need to submit the nomination forms by September 13th. (If you need for us to resend, please advise.)

ASA will be celebrating their 20th Annual event on November 14th.

Welcome new members:

HMWC
MFRG Contractors
Millwork Pioneers
Next Century Rebar
Nutech Fire Alarm

ASA also wants to encourage our subcontractors, to review upcoming strategic programs that our general contractors may offer.

Clark Construction offers an excellent program. I understand Turner Construction in the past, has offered various programs to help the subcontractors. If you are general who has an upcoming program for the subcontractors, please let us know.
